CREDOMATIC PRESS RELEASE

CREDOMATIC announces release of new Web-based Touchscreen POS Solution-ORDYX.

CREDOMATIC announces for immediate sale-a new TOTAL SOLUTION for Hospitality Merchants-ORDYX for Restaurants.

ORDYX offers a cost-effective alternative to high priced client/server based POS Systems for many restaurant operators by offering a Web Based Hospitality POS System-complete with 24/7 availability and support and Next Day On Site Hardware Service from DELL.

ORDYX delivers an easy to use graphical Touchscreen POS and Order Entry System with high speed CREDOMATIC Credit Card Processing a standard feature, along with a web based back office that allows Restaurant Owners to report on and manage their business from any PC with a browser.

ORDYX- with a 3 year on site hardware warranty and 24/7 software support for the life of the system-eliminates the need for restaurant owners to purchase expensive hardware and software support contracts-as all support is included with one monthly fee, starting at only \$59.00 per month. ORDYX delivers software that is always current, can be managed anywhere and is always available and fully backed up-essential for mission critical hospitality businesses.

ORDYX offers Touchscreen POS and Order Entry Capabilities, Integrated High Speed Credit/Debit/Gift Card Processing and an easy to use Web based Back office with Modules for Sales and Financial Reporting, Menu Item Analysis, Food Cost/Inventory, Time and Attendance/Labor Costing and much more.

ORDYX is ideal for Full Service Restaurants and Lounges, Quick Service Restaurants and Delivery Operations with integrated Customer Database and Caller-ID-standard.

ORDYX will be offered for sale and lease by CREDOMATIC Sales Partners and ISO's offering a full suite of POS Solutions to their Hospitality Clients. ORDYX will provide software support and installation services 24/7, while DELL will provide on site hardware support, allowing our Sales Partners to focus on selling POS Solutions-not supporting them and earning lucrative upfront commissions, while gaining the merchants processing volume.

ORDYX for Restaurants is available for immediate delivery, ORDYX for Retail will be released in Q4 of 2007.
