CREDOMATIC PRESS RELEASE

CREDOMATIC announces release of a new Web-based Touchscreen POS Solution-based on the APPLE IPAD: ORDYX LITE.

ORDYX LITE offers most of the POS and Order Entry Features inherent in the standard ORDYX POS System offering-however this new release is targeted to break the price barrier for small single terminal restaurants that could not afford a full featured Touchscreen POS system like ORDYX and are still using basic Electronic Cash Registers.

ORDYX Lite uses a merchant supplied APPLE IPAD as the Touch POS Terminal with free placement of peripherals including Receipt and optional Remote Printers, Mag Stripe Readers and Cash Drawers. The Merchants upfront equipment investment is limited to the purchase of an IPAD and for only \$49.99 month the merchant gets a full featured ORDYX LITE Software application that provides

- Touchscreen POS and Order Entry
- Integrated High Speed Credomatic Payment Processing
- Employee Timekeeping
- Web Based Back Office including
 - Daily and PTD Menu Item Sales Reporting
 - Daily and PTD Financial Reporting
 - Daily and PTD Employee Timekeeping Reporting
 - Optional Customer Account/Delivery Module

ORDYX LITE is a game changer using the APPLE IPAD as a full featured Touchscreen POS Terminal with free placement of POS Peripherals, Free Setup and Web Based Training with monthly software and support for only \$49.99. This new solution obsoletes basic Electronic Cash Registers and stand alone Credit Card Terminals by offering an integrated POS System taking advantage of the APPLE IPAD Technology.

Now even the smallest single terminal restaurant can get the benefits of

- Touch POS and Order Entry for improved customer service
- Accurate Menu Item Pricing, Ordering and Reporting to reduce ever rising Food Costs.
- Integrated High Speed Credomatic Payment Processing with Express Funding Options.
- Accurate Employee Sales and Timekeeping to control Labor Costs.
- Web Based Reporting and System Availability anywhere you have an Internet Connection with your APPLE IPAD.

ORDYX LITE is ideal for Single Terminal Full and Quick Service Restaurants, including Bars, Cafes, Coffee Shops, Cafeterias and even Mobile Food Carts and Concessions. ORDYX LITE may be easily upgraded to ORDYX Standard to support larger multi terminal operations at any time in the future.

ORDYX LITE will be offered with both Sale and Free Placement Options by CREDOMATIC Sales Partners and ISO's offering a full suite of POS and Payment Solutions to their Hospitality Clients. ORDYX LITE for Restaurants is available for immediate delivery with application available for download in the APPS Store.
